

Tanzania, June 1 – 17, 2018

You trip fee includes everything expect Passport, Immunizations, Personal Spending Money, Snacks, Camp Gear: Sleeping bag and self-inflating mat with battery pump, tent light, cot camp roll up pillow, armless camp chair which is invaluable to have to sit in with a back to it but no arms. Remember we do have cots in the camp but if you need a blow up mat, you need to pack that. Coleman 8" single blow up at Walmart is good. Be sure you have a Coleman or Intex Battery pump and D size batteries with extras batteries or another C battery PUMP. Also there is an Intex Single Blow up mat at Academy and Walmart. It takes up room in your personal trunk but well worth it for comfort. Nothing is as crucial to a successful camping trip as a good night's sleep. If you use this cot then you would take the self-inflating wide mat that covers the rods along the sides

Ministry Opportunities: Medical Clinic: Doctors, Nurses, Dental, Triage, Pharmacy, Glasses, Ladies Health & Hygiene Education, Pastor's Conference, Photographer, Cook, Camp master and Luggage Czar

This has been a FAITH WALK for many of you to see how God has provided for your Support after you did your part. He is able!

Tent Light at Walmart about \$7.00 be sure to bring extra batteries and flashlights with extra batteries. There are other options as well...whatever works for you. Having 2 tent light for 2 people is not bad either.
